

CERVICAL SCREENING CAN SAVE YOUR LIFE

Walgett Aboriginal Medical Service, in partnership with Family Planning NSW, is rolling out a cervical screening research project to women in your area.

**Drop in to
Walgett AMS
to make an
appointment**

**Go through the
new cervical
screening
pathway**

**Get results
while you wait
and same day
treatment
if needed**

Cervical cancer is one of the easiest cancers to detect and treat when it's caught early. Aboriginal women are the most under screened group for cervical cancer in Australia. Get screened today.
