The following exemptions apply. Our services will continue to be bulk billed to:

Clients 18 years and under
Health Care Concession Card holders
Pensioner Concession Card holders
Low Income Health Care Card holders
Recipients of Youth Allowance
Holder of tertiary student concession card

If you do not meet the above criteria for bulk billing but are unable to pay please inform staff prior to the consultation.

MEDICARE CLAIMS

Medicare claims can be processed at the time of your consultation if you swipe your EFTPOS card. We will submit your claim to Medicare on your behalf and your refund will be deposited directly into the bank account attached to your EFTPOS card within minutes. Please note, Medicare rebates can not be made to a credit card account.

If you do not want to swipe your EFTPOS card, you will need to register your bank details with Medicare to get electronic refunds directly deposited into your bank account. This saves you having to submit a Medicare claim at a branch, or by post.

If you have not registered and do not swipe your EFTPOS card, you will need to submit the relevant information to Medicare to make a claim. You will need to submit this claim either at a Medicare branch or by post and Medicare will post a refund cheque to your address. To register your bank account details with Medicare you will need to complete the registration form (copies are available from our reception desk) or download the form or mobile app using the following links.
